2021 CMSA of the Chesapeake Annual Conference: Resource Packet from Our Sponsors

CEU and Conference Sponsors:

Medi-Rents & Sales, Inc. is a locally owned and operated home medical equipment & supply provider that has been serving the Mid-Atlantic region since 1980. Our staff includes licensed Pharmacists, Respiratory Therapists, RNs, LPNs and Medical Equipment technicians. Because of the medically fragile patients we service we provide our caregivers, patients and referrals with a true one-stop shop for all of their medical needs so that they aren't inconvenienced with calling several different companies to get everything the patient needs.

Angels of Elder Care Planning is a group of qualified, experienced Elder Care Planning professionals in Maryland who are devoted to preserving and protecting assets against the rising costs of nursing home and long-term care expenses. The Medical Assistance application process is exceedingly time consuming and very complex thus our main priority is to offer families the opportunity to preserve as much of their assets as allowed by law and to present Medicaid with a complete and accurate application. Our goal on each one of our cases is to provide a positive outcome for the family.

Anne Arundel Medical Center and Doctors Community Health System

are coming together to form Luminis Health, a new, integrated health system that reimagines what community health means. For years, we've shared a dedication to compassionate care, delivered when and where people need it most. Now, we're carrying that same commitment into the future as Luminis Health, a health system that's here to embrace progress and awaken a new era in care for our communities.

An affiliate of University of Maryland Medical System and Johns Hopkins Medicine

For a full list of Inpatient and Outpatient offerings go to the website for MWPH

Below:

www.mwph.org

**MWPH Services are also offered at UM Prince George's Hospital Center and Mt. Washington Pediatric Community Rehabilitation Services in Harford County

Mt. Washington Pediatric Hospital provides family-focused, integrated care to children with serious, chronic or complex medical needs. Since 1922, the hospital has helped children heal from illness and injury, and now treats more than 8,500 patients each year. The 102-bed hospital is a jointly owned affiliate of The University of Maryland Medical System and Johns Hopkins Medicine and has locations in Baltimore City, Prince George's County, Harford County and in the community.

Inpatient Services and Day Programs- Sheila S. and Lawrence C. Pakula Center for Infant Specialty Care (CISC) serves babies who no longer need to be in a NICU, yet need a medically stable environment to ensure their growth, feeding, and readiness to go home. **The Pediatric Complex Care Program** transitions children with chronic or complex medical illnesses to home. As we assist children in becoming medically prepared for a life at home, we give families the knowledge and skills to meet all complex care needs. **The Physical Medicine and Rehabilitation Program** helps children recover from traumatic injuries, illness, or surgery such as limb reconstruction following multiple fractures, post-surgical orthopaedic rehabilitation, management of burns or wounds, neurological disorders, spinal cord injury, amputation, or brain injury. **Our Hospital Day Programs** provide daytime treatment for children who require intensive interventions for rehabilitation or feeding needs, and incorporate therapies and medical treatment with meals, educational services, and other activities.
